FOOTBALL

We are a Barcelona-based **high-performance center** focused on player development through professional training, education, and ***real* competition.**

More than a football academy, **Impactus is a global ecosystem** that **connects talent, opportunities, and personal growth** through football.

We support young players from around the world through football programs, ID Camps, and competitive experiences *tailored* to every stage of their journey.

With a growing international presence, Impactus Football has become **a platform for aspiring footballers to develop their potential, gain visibility, and experience opportunities that can shape their future.**

As an official team in the MICFootball tournament, **we proudly compete each year** with players from U12 to U19, bringing together multicultural talent on one of the most prestigious youth football stages in the world.

25 MIC FOOTBALL

MIC Football is one of the **most prestigious international youth tournaments in the world.** This is where future football stars are born.
